Lazy Days of Summer!

Summer days can be the best for making memories together as a family. Our PES family hopes that this summer your family is having a wonderful summer making those memories together. To avoid the “*Summer Slide*” we encourage you to be sure to have your child read over the summer and stay on top of math fact fluency. Typically, most students loose the most ground in these two areas. If you are taking a family trip, having your child map out the route on a map, figuring out mileage, the cost of gas and the major

highways to be traveled will help your child take part in the trip planning.

Welcome to the Pick Elementary School Staff:
