January 7, 2018

Dear Parents,

Today is the 91st day of school, and we have made it to 2019! It's hard to believe that the year is halfway over.

Let's work to get back into our routines of signing planners and monitoring nightly reading.

We are continuing our advancement through the curriculum and will send out report cards this week to report on the 2nd nine-weeks. All you need to do is sign the envelope and you can keep the report at home. Let me know if you have questions.

Class Dojo will be up and running as soon as we get back. Check there daily to see if your child is earning their 8 points per day.

Let's get this year off on the right foot! I'm excited. ☺

Love, *Libba*
