

CRAYONS & cuties in

Mrs. Key's Kindergarten Class

Our Week at a Glance

This week, we have been learning all about Community Helpers. We have learned about lots of different important jobs. Officer Perry, Dave, a military pilot, and a dentist came in to share about their jobs! We have been working in all of our Reading Workshop Centers.

We began learning about comparing numbers 0-5. We worked in our math Envision books! In Math Workshop, we played: POP Number Gems, Apple Tree Shape Graph, Community Helpers Missing Numbers, and Community Helpers Count the Room.

Next week, we will learn about Fall. We will focus on letters Oo and Cc, and high frequency words: REVIEW.

Let me know if you need any help or have any questions!

love,
Mrs. Key
