

Dear All-Star Family,

I am honored and excited to serve as principal of Ogletree Elementary School. My background includes working in education at both the elementary and secondary levels, and I look forward to helping our students embrace the wonder of childhood while preparing for the transition to middle and high school. At OES you will find a staff dedicated to serving the Auburn community, and who work to follow the “Golden Rule” as we interact with children and families. We truly love what we do, and approach each day with laughter and a smile!

As an administrator, I support learning that fosters creativity and critical thinking. I believe that our children naturally want to explore the world around them, and I encourage my teachers to offer opportunities for students to experiment. This focus on discovery and curiosity, coupled with the right tools and strategies, leads to a school that is both successful, and whole lot of fun.

It is important to me that you feel welcome at our school, and that you are involved in your child’s education. I encourage you to reach out to your teacher, become part of our PTO, and contact me at any time. I hope you will visit us this year, and join us on this wonderful journey. I also invite you to follow us on social media (sites listed below) so that you can see the great things happening at OES. I know you will find that our teachers are enthusiastic partners, and that by working together, we can help your child have a wonderful year!

With Gratitude,

Caroline Raville
