Academic Progress

**Objectives**

- Guide each student's academic progress with given assessment tools to determine mastery of standards.
- Tailor instruction across curriculum to meet the needs of diverse learners.

**Critical Initiatives**

- Each academic year, compare end of year results to beginning of year results to determine if each child has achieved one year of academic growth.
- Engage in ongoing professional development and implement best practices for reading and writing instruction.
- Cultivate mathematical thinkers.
- Utilize technology to enhance growth in all areas of the

Behavior Expectations

**Objectives**

- Develop, implement, and maintain a consistent behavior plan.

**Critical Initiatives**

- Develop and implement a plan to identify and recognize students who exhibit good character to increase student motivation and inspiration to make positive choices.

Collaboration

**Objectives**

- Build unity within our school and in our community.

**Critical Initiatives**

- Committees will connect all faculty members to better serve our school and local community.
- A multicultural event will be held to gain awareness and appreciation of other cultures.

Critical Initiatives

curriculum.

- Supplement instruction through the Response to Intervention process
