February 13- Dedicated Dads Breakfast
February 14- Valentine's Day Party @ 12:30
See DOJO message and Sign up Genius for more details

Special Message from Mrs. Williams

This has been a busy week here at Ogletree. We played catch up from the 3 days that we were out. We also completed all midpoint testing. If you are interested in knowing your child's score please email me and I'll be delighted to share. Please visit our Class Dojo page for updates daily. Mrs. Corley will be assisting us with our Valentine's Day party so expect an email from here this week. Each student will also have the opportunity to create a creative Valentine's Day mailbox that we will display in the hall and allow the students to pass out cards or special treats. The box is optional but if you decide to make one be sure to have your child's name visible and a hole big enough for cards and special treats. If you need an example see our class DOJO page. There will be a special prize for the top 3 most creative designed mailbox.

Multiplication Update:

It is hard to believe we are nearly wrapping up our Multiplication unit and will be shifting to Fractions soon. However we will continue to practice our facts in class each day. Remember the goal is to answer 90 or more mixed facts in 4 minutes to earn a ticket to the Ice Cream Sundae Celebration in March. We are 50% there. I need your support with your child reaching his/her goal at home. To assist your child with this please download fun multiplication apps, flash cards, and practice pages. If you need resources don't hesitate to email me and I'll be delighted to send some home. Thanks😊
