

MUSIC FROM HOME!

Draw 3 squiggle shapes and sing them with your singing voice. Here is an example:

Your turn! Draw the squiggle and then sing it. You can make them as long as you want! 😊

2)

3)

Simple Song

Do you remember this song from music class? Sing it for your family member. Keep the steady beat while you sing the song.

Frog in the Meadow
Can't get him out
Take a little stick
And stir him about.

Draw a picture of the frog in the meadow.

Fingerplay

Do you remember this chant from music class? Let's make a yummy pot of soup. What ingredient should we put in first?

Chop, Chop, Chippity Chop
Cut off the bottom
And cut off the top
What you have left
You put in the pot
Chop, Chop, Chippity Chop

What else can you put in the soup?
Say the chant again as you chop up your ingredients. At the end be sure to taste your delicious food!

Draw some of the ingredients you put in your soup!

Arioso

Arioso Land is a special land where you can only sing - you cannot speak at all! Choose one of your stuffed animals and make them hum a tune to you. You can pretend to hum back to them.

Also, you and your family member can each choose a stuffed animal and have a humming conversation with them.

Movement Exploration

It's fun to explore different ways to move.

Pretend that you have a bubble on your hand. Now blow up that bubble until it is really, really big. Step inside the bubble.

Pretend that you have your favorite color of paint on your hands. Paint the inside of the bubble. Remember to paint the top, bottom and sides of your bubble.

Now move around the room inside your bubble. Be care of objects and people around you. You don't want anything to pop your bubble!

When you're done, make the bubble small again and blow it off your hand.
