

Music Choice Board

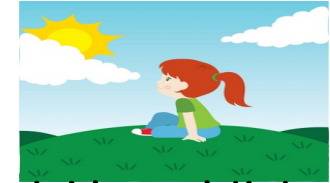

Directions: Choose activities to do throughout the week - see if you can complete the board!

Listen to a song from your favorite movie and draw a picture of how it makes you feel.

Ask a family member what their favorite song is and listen to it.

Go outside and listen to all the sounds you hear (birds, cars, wind blowing, etc.) and draw a picture describing what you hear.

Bounce a ball to the steady beat of a song.

Use found objects (pencil, pan, can, bucket, etc.) in your home and play the beat along with at least 2 songs.

Be a music teacher! Teach a family member your favorite song!
