

Where's the Bus?

ACS is now offering a way for you to locate your child's bus when riding in the mornings and afternoons!

You can create an account or view the updates from a web browser or computer by going to <https://wheresthebus.com> or by downloading the Where's the Bus app for your device.

To download the app, scan the appropriate QR code below.

To create a free account, you will need to know your child's birth date and your child's student ID number. Your child's student number can be found on the car tag/barcode provided to you at Meet Your Teacher.
