Kathryn Conradson  
Asst. Principal

Today, our state is officially kicking-off the *2020 Alabama Summer Learning Challenge!*

For an exciting eighth year, ALSDE has partnered with some of the country’s leading education organizations to “minimize the summer learning slide.”

The *2020 Alabama Summer Learning Challenge* is being held **May 18 until July 31**. There are “tons” of **FREE learning resources for students** to use.

Alabama parents now have access to many great online resources, which can help continue their child’s learning and skill building throughout the summer – while they are away from the classroom:

- **Big Universe** - 18,000+ eBooks and essential literacy tools
- **Lexile** and *Find a Book Alabama* – Customizable book-search tool, which allows students to build fantastic individual-reading lists
- **Stride** - Cool blend of online math, reading, language arts, and science practice for every student interest
- **Fuel Education** – Great personalized learning activities for all students!
- **MetaMetrics** and **Quantile** are presenting the *2020 Summer Math Challenge!*
- *Learn at Home* with **Alabama Public Television (APT)** – great education resources and videos
- Local and **Statewide Library Media** resources
- *Many more summer learning resources* for students and parents to use!

The *2020 Summer Learning Challenge* webpage is located at <https://www.alsde.edu/sec/comm/Pages/summer-learning.aspx>
