	500 pts.	4 of a kind + pair	1500 pts.
	600 pts.	2 triplets	2500 pts.

Rules to Remember:

1. To begin, all players roll one Die. The player with the highest roll begins the game, with play continuing to the left.
2. You must score at least 500 points before you can "save" your points and begin recording a score.
3. You must remove at least one Die after each roll.
4. If you cannot set aside any Dice, that's a FARKLE! You lose your points for that turn only.
5. If you use all 6 Dice to create points, you can take an additional turn, but be careful - you might FARKLE!
6. You begin the final round once someone has reached 10,000 or more points. Then each player gets one turn to try and beat their score.

FARKLE!

The next four pages are *exactly the same as the previous four* with ONE twist-a-rooney (per a very sweet request).

A roll of 3 ones will earn 1000 points if you play using the next set of pages. I thought it was a fun twist to a game I love playing with my family and my students!

Enjoy!
