**Before You Search**

After searching in the books, you created 4 questions you want to answer through Internet research. find the answers for. On each line, write 3-4 KEY WORDS you want to use for the search.

Q1. \_\_\_\_\_

Q2. \_\_\_\_\_

Q3. \_\_\_\_\_

Q4. \_\_\_\_\_

How might you use Boolean Operators to Help Refine Your Search?

	And/Or/Not		<div style="border: 1px solid black; padding: 5px; display: inline-block;"> <p><b>Boolean Operators</b></p> <p><b>AND</b></p> <p><b>OR</b></p> <p><b>NOT</b></p> </div> 
	And/Or/Not		
	And/Or/Not		
	And/Or/Not		

Explore some features of these search engines. Write the number of sites they retrieved, then scan at least 5. Based on your scan, how many links seemed like they would be helpful for this project?

<b>Which BROWSER are you using? _____</b>		
<b>Google</b>	Number of Sites	How Many are Kid Friendly?
<u>Advanced Search</u>		
<b>Factmonster</b>		
<b>KidsInfobits on Alabama Virtual Library</b> (Newspaper & Magazine Articles, Photos, Books)		
Now try rephrasing your topic as a question; how many sites did you find?
