Auburn Junior High School

9th Grade Course Selection

Directions: Select either Advanced or Regular for each core academic course. The number of credits will equal 6.

You may choose any combination of Advanced or Regular level courses.

- For Advanced courses, a student can earn an extra half point towards his or her GPA. For example, an “A” in a regular course earns 4 points towards the GPA. An “A” in an advanced course earns 4.5 points.
- To take Geometry AND Algebra II, a student must currently be in Accelerated Math and will take a placement test at the end of the year. A student must score high enough on the placement test in order to take this course.

Credit (circle)	Core Academic Courses	Requirements/Expectations
2	Geometry w/Data Analysis AND Math Lab Elective	Grade Level Math Class
2	Geometry w/ Data Analysis AND Algebra II	Currently taking Advanced Math High score on Math Placement Test
2	Geometry w/ Data Analysis AND Algebra I	Math Placement Scores will determine Placement

1	Yearbook	Application required
1	Write in Access Class:	See below

Zero period offers students an OPTIONAL and ADDITIONAL **elective** class. It begins at 7:20 am every day. You must provide your own transportation. You must still sign up for 8 credits on the front of this sheet. Registration for these classes will be done separately. You will not put these classes into PowerSchool.

Credit (circle)	Zero Period Courses	Requirements/Expectations
1	Jazz Band	Must have transportation; starts at 7:20 Audition required
1	Spanish I	Must have transportation; starts at 7:20

Access Courses are OPTIONAL **elective** online courses students take during the school day on campus. The teacher for the course puts the instruction and course work online but is NOT present on campus. The facilitator in the room does not teach any content or answer questions about content. Students must be self-motivated and work well independently to be successful. **Course offerings subject to change. See counselor for additional available courses.**
