

# 2019 SCORE SUMMER CAMPS

## **Science Matters 3D Printing Camp - June 3rd-7th (FULL)**

For 5th & 6th Graders | Auburn University

Learn the basics of 3D design & 3D printing

## **VEX IQ Robotics Day Camp - June 10th-14th**

For 4th, 5th, and 6th Graders | Auburn University

Learn engineering design skills through the building, programming, and testing of VEX IQ Robots

## **Science Matters 3D Printing Camp - June 17th-21st**

For 7th & 8th Graders | Auburn University

Develop the ability to use 3D printing as a tool for designing and prototyping a product

## **Elementary Robotics Camp - July 8th-12th**

For 3rd & 4th Graders | Auburn University

Build the foundations for STEM through various robotics platforms

## **Residential Drone Camp - July 15th - 19th**

For 7th-9th Graders | Auburn University

Learn the basics of flight, uses of drones in research and industry, and how to program & pilot drones

## **Residential VEX IQ Camp - July 15th - 19th**

For 7th-9th Graders | Auburn University

Develop engineering skills through the design & programming of advanced VEX IQ Robots

## **Birmingham Drone Camp - July 22nd-26th**

For 8th-10th Graders | Mountain Brook Junior High School (Birmingham, AL)

Learn the basics of flight, uses of drones in research and industry, and how to program & pilot drones

## **Elementary Robotics Camp - July 22nd-26th**

For 3rd & 4th Graders | Auburn University

Build the foundations for STEM through various robotics platforms
