

## 2022 AJHS Choirs Screening Audition Info

All upcoming 8<sup>th</sup> and 9<sup>th</sup> grade students will need a screening audition for placement in 1 of the 3 choirs at AJHS. See the “Choir Program Info” document for details on each choir. All students that audition will be placed in the choir that is deemed best for them and the choir program. Students currently at AJHS will audition during the week of March 21<sup>st</sup>-25<sup>th</sup> during choir class or during advisory. Students currently at ESS will audition during the school day in the choir room on March 29<sup>th</sup> and 30<sup>th</sup>.

**Part 1: Student Information.** Students will fill out the top part of the audition form with their name, grade, any previous experience (not required), and their preference for choir placement. Please note that being in this choir program is all about being a team player so if you will only do choir if you get placed in the one choir that you want to be in, then being a part of any choral group at AJHS might not be the best fit for you.

**Part 2: Vocal Selection.** Students will need to prepare 30-60 seconds of any song they think shows off their voice to sing by themselves (no backing music tracks or instruments). This will be scored for tone quality (vocal technique and vocal maturity), projection (energy and strength of sound), intonation (singing the correct notes in tune), and diction (clear pronunciation of lyrics) as well as confidence and expression while singing. It is best for the lyrics to be memorized.

**Part 3: Sight Reading.** Students will also sing a short sight reading to show the student’s experience with reading music. The excerpt can be sung on solfege (Do, Re, Mi...), numbers, or on the neutral syllable “dah” if the student is not familiar with solfege syllables yet. If a student is not familiar with sight reading, then they can just sing the excerpt to the best of their ability and it will not be counted against them. The goal of sight reading is not to sing it perfectly, but to keep going to the end. You can go at your own speed and in whatever vocal range works best for you (doesn’t have to be in the written pitch). Make sure the notes are sung and not spoken- the singing is the most important part. There are sample sight-reading excerpts included below.

**Part 4: Choreography.** This section is only required if the student is interested in auditioning for one of the show choirs (Adrenaline/ Audacity). There will be a short dance to learn via teaching videos that will be assessed for accuracy of choreography, sharpness of moves, and energy while dancing (including confidence and facial expression as well). If a student only wants to be in Anthem concert choir, then they do not have to do the choreography portion of the audition.

If you have any questions about the AJHS choir program or auditions, please email Mr. Holt at [mtholt@auburnschools.org](mailto:mtholt@auburnschools.org).
